SKILLS

- ❖ Proficient in modern technologies including HTML, CSS, and JavaScript, with a focus on building responsive and mobile friendly websites using frameworks such as React and Angular.
- ❖ Skilled in Adobe Creative Suite, utilizing XD for designing and prototyping visually appealing and user-friendly interfaces.
- ❖ Experienced in Git and version control, demonstrating a strong understanding of collaborative development and best practices for code management.
- ❖ Well-versed in testing and debugging techniques, utilizing tools Chrome DevTools and Jest to ensure high-quality code and optimal performance.

EMPLOYMENT HISTORY

Front-End Developer: Service Delivery Expert.....Jan 2019 – April 2022
Novartis Prague, Czech Republic

- ❖ Collaborating on a variety of IoT, Blockchain and AI projects as part of the Applied Tech Innovation team, including clinical supply chain, electronic product information, beyond the mobile smart injections, and AE Brain projects.
- ❖ Participating in requirements gathering and use story creation to ensure that projects align with business and user needs, including designing wireframes and mockup designs for user interfaces using Adobe XD.
- ❖ Implementing front-end applications using react and angular frameworks.

- ❖ Working closely with other developers, UX designers, and business and system analyst in small and large groups across the globe in India, Europe, and the US.
- ❖ Debugging and testing applications using Postman and Jenkins.

Junior Developer July 2018 – Nov 2018
Flexbox Startup Prague, Czech Republic

- ❖ Assisted in the development of react-based applications by coding and fixing bugs in the codebase.
- ❖ Supporting the Lead Manager in design-related tasks for an e-commerce application.

Associate Regional Campaign Manager May 2016 – Sep 2016
American Heart Association Austin, Texas

- ❖ Collaborated closely with the ANCHOR Regional Campaign Manager to support grant reporting on the community action plan (CAP) report and complied with the Center for Disease and Control (CDC) federal standards.
- ❖ Advocated AHA approved policies dedicated to reducing the sugar and sodium requirements in vending machines.
- ❖ Partnered with 10 organizations in the Austin area including community centers, grade schools, office buildings, and hospitals to adopt healthier policies on cafeteria and vending machines nutrition requirements.

Special Projects, Lobbyist Mar 2010 – Dec 2013
Louisiana Municipal Association Baton Rouge, Louisiana

- ❖ Successfully engaged in advocacy and policy in grant funding for municipalities and disaster recovery relief aid with a focus on negotiating for local municipal rights.
- ❖ Collaborated with GOHSEP, OCD-DRU, and municipal governments on the Municipal Infrastructure Grant Program, a \$30 million dollar grant program directly awarded to municipalities for hurricane damages and did the public outreach, communicating the grant requirements to all municipalities in the states across 10 districts.
- ❖ Presented programs and services to municipalities across the state while relationship-building with key non-profit, businesses, state and federal stakeholders.
